Please join the Cohasset Harbor Committee for the
Cohasset Harbor Climate Resilience Initiative
2nd Public Forum: Monday April 11, 2022 at 7:00pm
Virtual Meeting via Zoom

Greetings,

The Cohasset Harbor Committee is sponsoring a series of public meetings in 2022 to engage community members to explore climate resilience related to Cohasset Harbor. These public meetings are intended to build consensus among the various stakeholders, prioritize future actions, increase knowledge of relevant data and available resources to inform action plans for climate-related issues in our community, and to help prepare for the Cohasset Community Climate Summit targeted for later this year.

Our next public forum is scheduled for Monday April 11, 2022, from 7:00 - 8:30pm. **“Potential Impact of Extreme Weather Events on Town Infrastructure & Services near Cohasset Harbor”** will feature presentations by representatives from Cohasset Sewer Commission, Fire Department and Emergency Management sharing their perspectives on vulnerabilities, preparations and resilience. This will be followed by 45 minutes of Q&A with attendees. The meeting will be held virtually and can be joined at the following URL:

ZOOM MEETING ACCESS BELOW:

COHASSET HARBOR CLIMATE RESILIENCE INITIATIVE

The Cohasset Harbor Committee is sponsoring a series of forums to promote discussion about Cohasset Harbor's resilience to extreme weather, its vulnerabilities and funding of possible solutions.

Forum #1, January 25, 2022. "Exploring Potential Impacts of Extreme Weather Events on Cohasset Harbor" presented the probability and impact on Cohasset Harbor of a hypothetical storm of record coupled with rain-based flooding that could result in unprecedented inundation of Elm Meadows, the village, and areas near Margin St, Border St and Black Horse Lane. Please visit [Cohasset Harbor Committee page](#) for the [video recording](#) and other materials from this forum.

Forum #2. April 11, 2022. "Potential Impact of Extreme Weather Events on Town Infrastructure & Services near Cohasset Harbor" will feature representatives from Cohasset Sewer Commission, Fire Department and Emergency Management sharing their perspective on vulnerabilities, preparations and resilience.

Forum #3, targeted May 2022. "Climate Resilience Initiatives: A view from the State House" will feature elected officials sharing their perspective on funding opportunities for climate resilience-related projects in Cohasset.
