Greetings,

Staff and leadership in the Town of Cohasset continually explores opportunities to improve our community. Through the Master Plan Implementation Committee (MPIC) Elm Street Corridor Working Group with assistance from planning/engineering consultants from Weston & Sampson, the Town is developing a conceptual plan to update the Elm Street corridor with improved aesthetic, pedestrian, cycling, and vehicular features. A public workshop has been scheduled for Thursday, April 15, 2021, from 7:00-8:30pm to introduce the project and begin to collect your feedback as a valued member of the community. The meeting will be held virtually and can be joined at the following URL:
