From: Jo Ann M. Fawcett, Project Coordinator
Date: May 1, 2015
Re: Notification of mosquito adulticide applications

Enclosed please find the State Reclamation and Mosquito Control Board (SRB) Policy, voted on 2/26/02 related to public notification of mosquito adulticide applications. The purpose of our adulticiding program is to control nuisance and/or disease carrying adult mosquitoes. Our adult program will begin sometime after May 31st and continue until September 3rd unless mosquito-borne diseases occur.

The control material being used will be Duet ULV (EPA Reg. #1021-1795-8329) applied in ultra low volume sprayers at a rate of .62 oz. per acre.

The following number: **1-617-582-6219** is furnished, on a 24-hour basis from May 1 through October 31, to allow residents access to schedules and locations of adulticiding a day in advance to applications. I want to emphasize that this number **will not be used to request spraying.**

Our office will be open Monday-Friday between the hours of 8:00 a.m. to 3:00 p.m. for spraying requests and to obtain further information. Our office number is: 781-585-5450. We can also accept requests via fax, 24 hours a day, at 781-582-1276 or via mail at P.O. Box 72, Kingston, MA 02364.

As always, if you have any questions, please feel free to contact us.
