

Addendum #5a

**RFP: Lease of Real Property for
Construction of Solar Energy Arrays and Associated Equipment**

Submitted Q&A – New Clarifications

Question	Answer
1. Is Tree Removal permitted?	We would have to have a shade tree hearing. Some of those trees were planted as memorials. We can discuss specific trees and initiate a plan.
2. Are Drone Flyovers permitted?	To have a drone flyover of the sites, please contact us to schedule a time. We need to alert the principals of the schools to the time and day. Non-school hours would be best.
3. Form 2 mentions "proposed Energy Price (circle one: cents/kWh or % of credit). How should we interpret "% of credit"?	The Town's preference is that all bidders provide a proposed energy price. If you would like to allocate a portion of the credit that is below 100%, you may include in an additional Form 2 for informational purposes.
